

AI USE & STUDENT PRIVACY

Robertson County Schools is committed to the safe, ethical, and responsible use of **artificial intelligence** in support of teaching and learning.

Protect **student privacy** at all times. Do not enter, upload, or share personally identifiable student information into any AI tool or platform. This includes names, images, audio, video, student work with identifying details, grades, behavior data, or any information that could reasonably identify a student.

Follow **FERPA** and **COPPA** regulations. Student education records and personal information are confidential and must be protected. Use only **district-approved** applications and digital resources that meet privacy and security requirements.

Use AI tools **responsibly and ethically**. AI should enhance learning and support instruction, not replace teacher professional judgment or student original thinking. The use of AI to generate false images, video, or audio of students or staff members is strictly prohibited. This includes, but is not limited to, the creation, manipulation, or distribution of content that inaccurately represents the likeness or actions of any individual.

When in doubt, ask. Consult your district's Technology Department before using new AI tools or resources. Policies may vary, and it is your responsibility to ensure compliance with district expectations.

By using AI tools, you agree to follow these expectations and help create a safe, respectful, and responsible learning environment for all.

TIME OUT!

SCHOOL MEMORIES

Turn to a partner or group and share a nostalgic memory from your time in school.

WHAT'S MISSING??

BAYSIDE
HIGH SCHOOL

IT'S A
GREAT DAY
TO BE A TIGER!

WELCOME TO BAYSIDE!

We can't wait for a great year!

YOUR CLASS SCHEDULE

PERIOD	TIME	COURSE	ROOM
1	8:15 – 9:05	English I	214
2	9:10 – 10:00	Algebra I	118
3	10:05 – 10:55	Biology	302
4	11:00 – 11:50	World Geography	145
5	12:30 – 1:20	Physical Education	Gym
6	1:25 – 2:15	Art I	410
7	2:20 – 3:10	Study Hall	Library

STUDENT INFORMATION

Student Name: Jordan Taylor

Student ID: 240617

Counselor: _____

Bus: _____

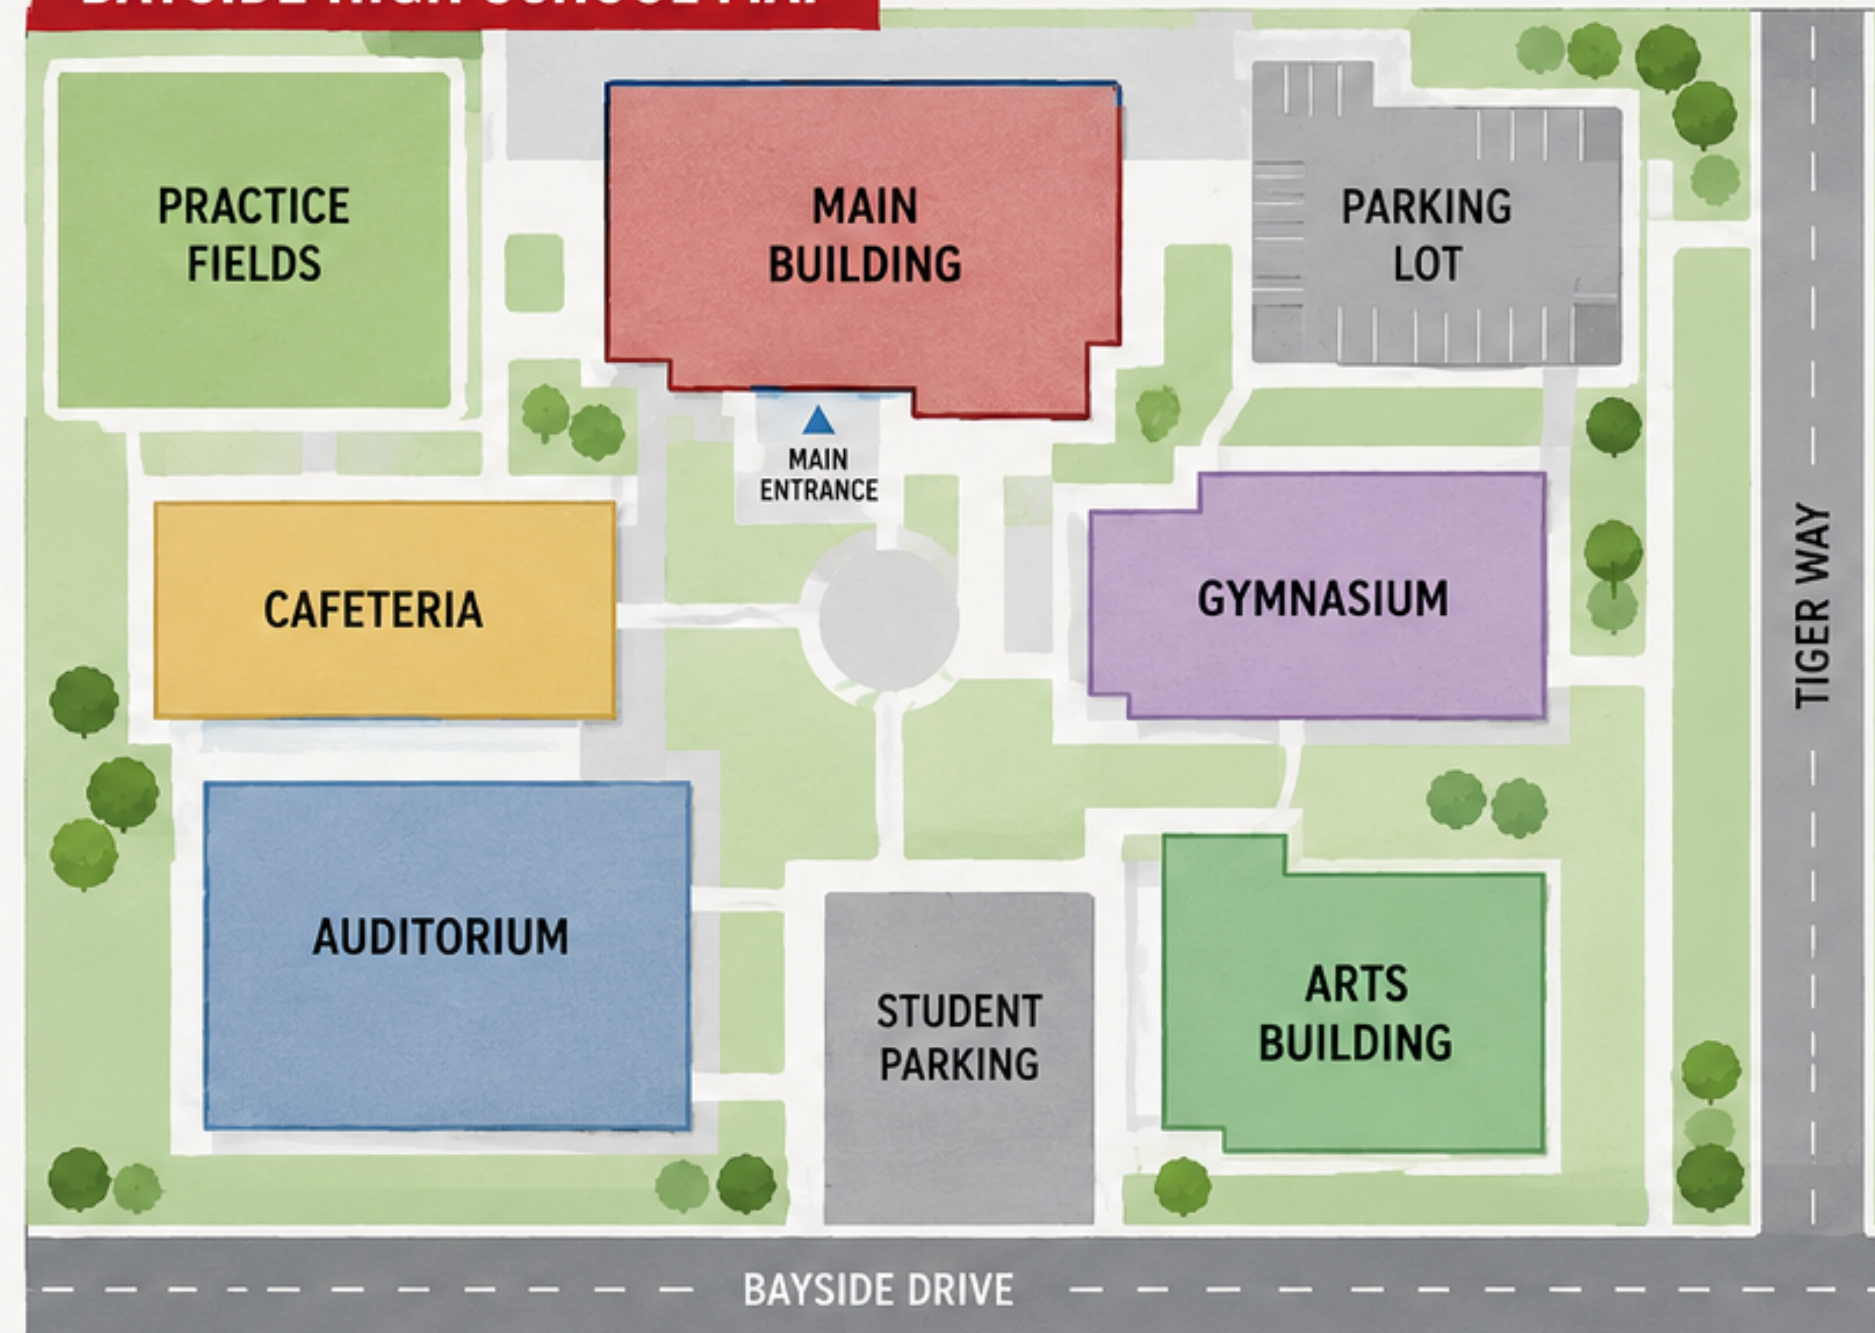

Locker #: _____

IMPORTANT REMINDER!

BE KIND.
BE RESPECTFUL.
BE RESPONSIBLE.

INNOVATION STARTS HERE

Did we see everything? Did AI see everything?

Innovation starts with identifying what we're NOT seeing.

Before we solve problems we have to understand them.

THE WORST SCHOOL IDEA EVER

Part 1 - Ask AI to list some ideas for the worst school idea ever.

Part 2 - Share some the ideas with your group

THE WORST SCHOOL IDEA EVER

Part 3 - Take one of the horrible ideas and redesign it into something useful.

SHARE

OUT

INNOVATION STARTS HERE

▲ How many useful ideas come from bad ideas?

▲ Innovation rarely starts with a brilliant idea. It starts with lots of ideas.

MIND MELD

▲ **Stand up and find a partner**

▲ **Come together on an shared
idea**

Player A

“One”

“THREE”

“Paris”

Player B

“Two”

“Monument”

Player A

“THREE”

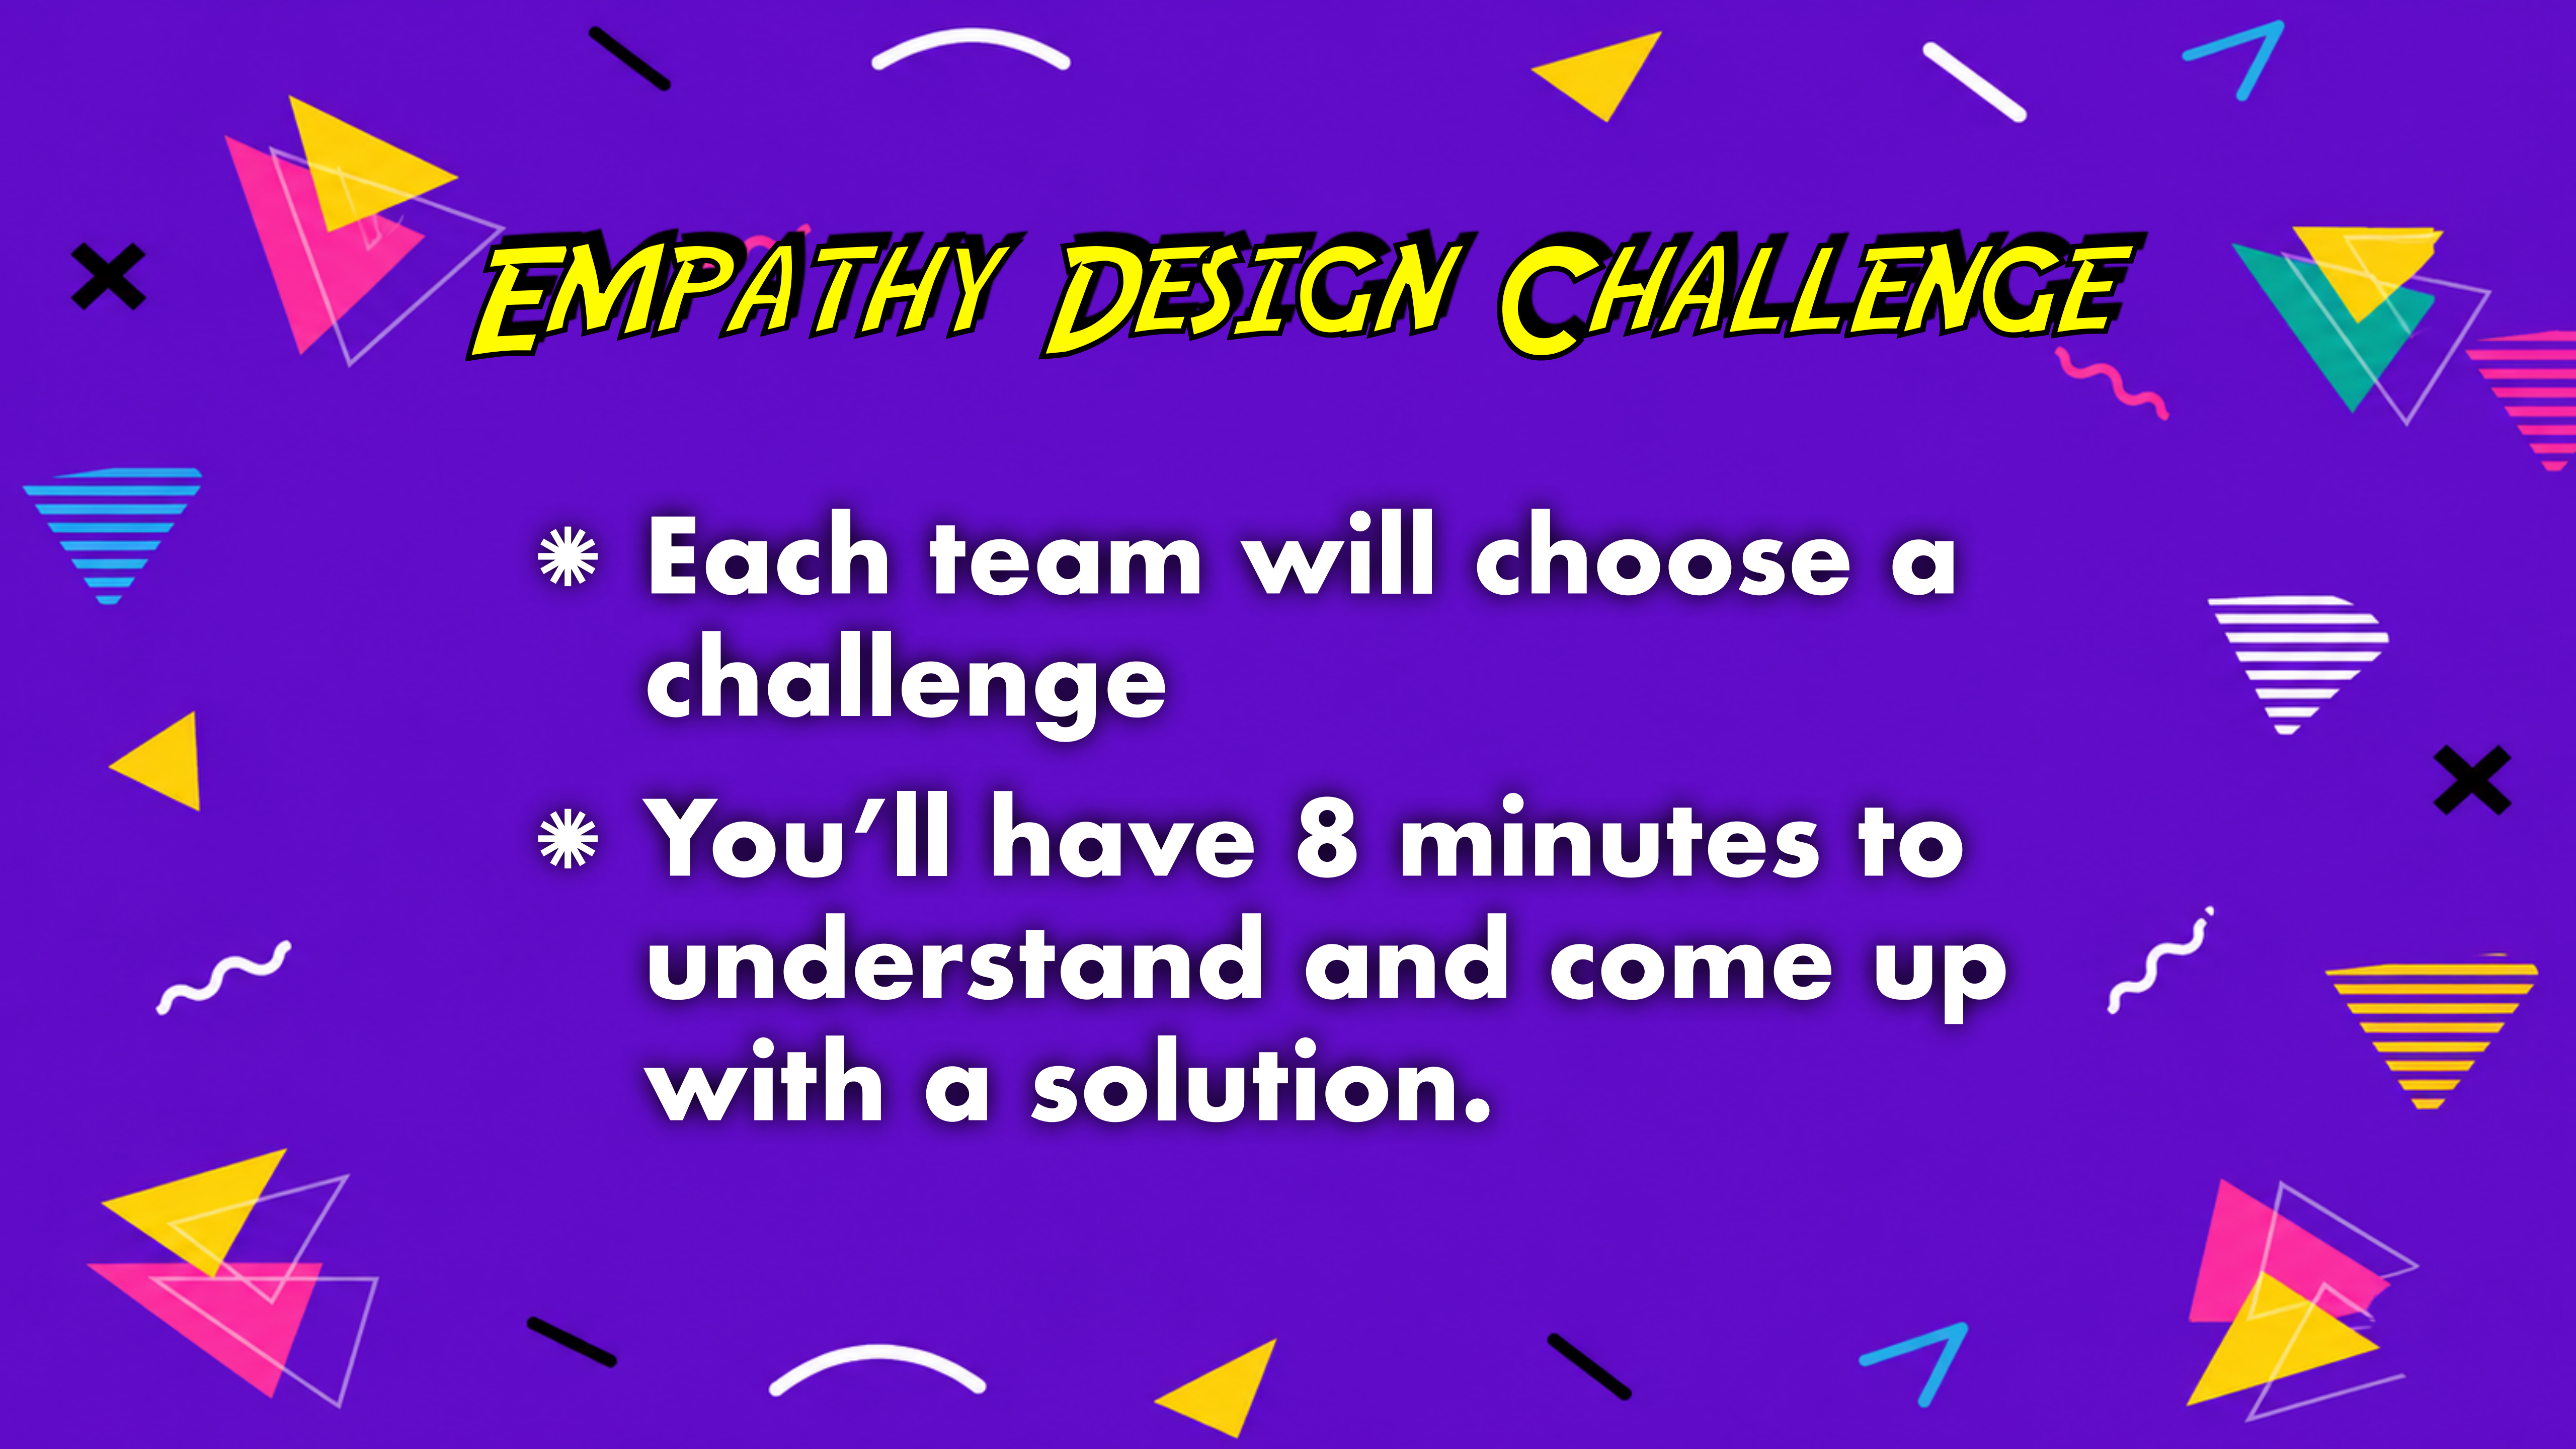

“Eiffel Tower”

Player B

“Two”

“Eiffel Tower”

EMPATHY DESIGN CHALLENGE

- * Each team will choose a challenge
- * You'll have 8 minutes to understand and come up with a solution.

TIME OUT!

THE TEACHERS' SMOKING LOUNGE

Teacher burn-out -

If schools once intentionally created spaces for teachers to decompress (even if the habit was unhealthy), what would a modern version of that support look like?

PHONE A FRIEND

Student mental health -
Students are more connected
than ever, yet many feel
alone. How might we
redesign how students ask for
help?

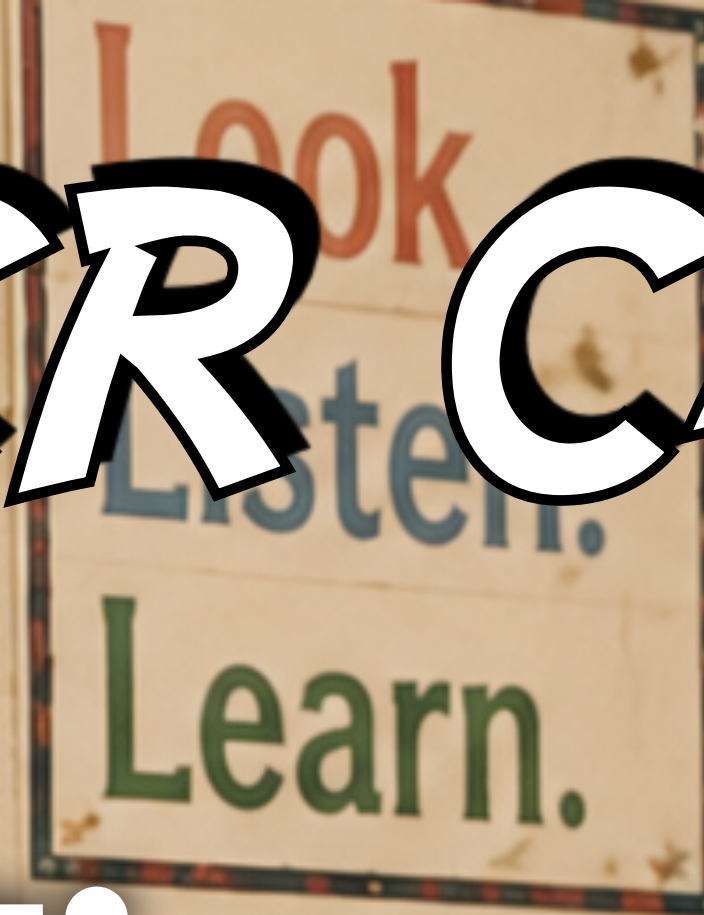

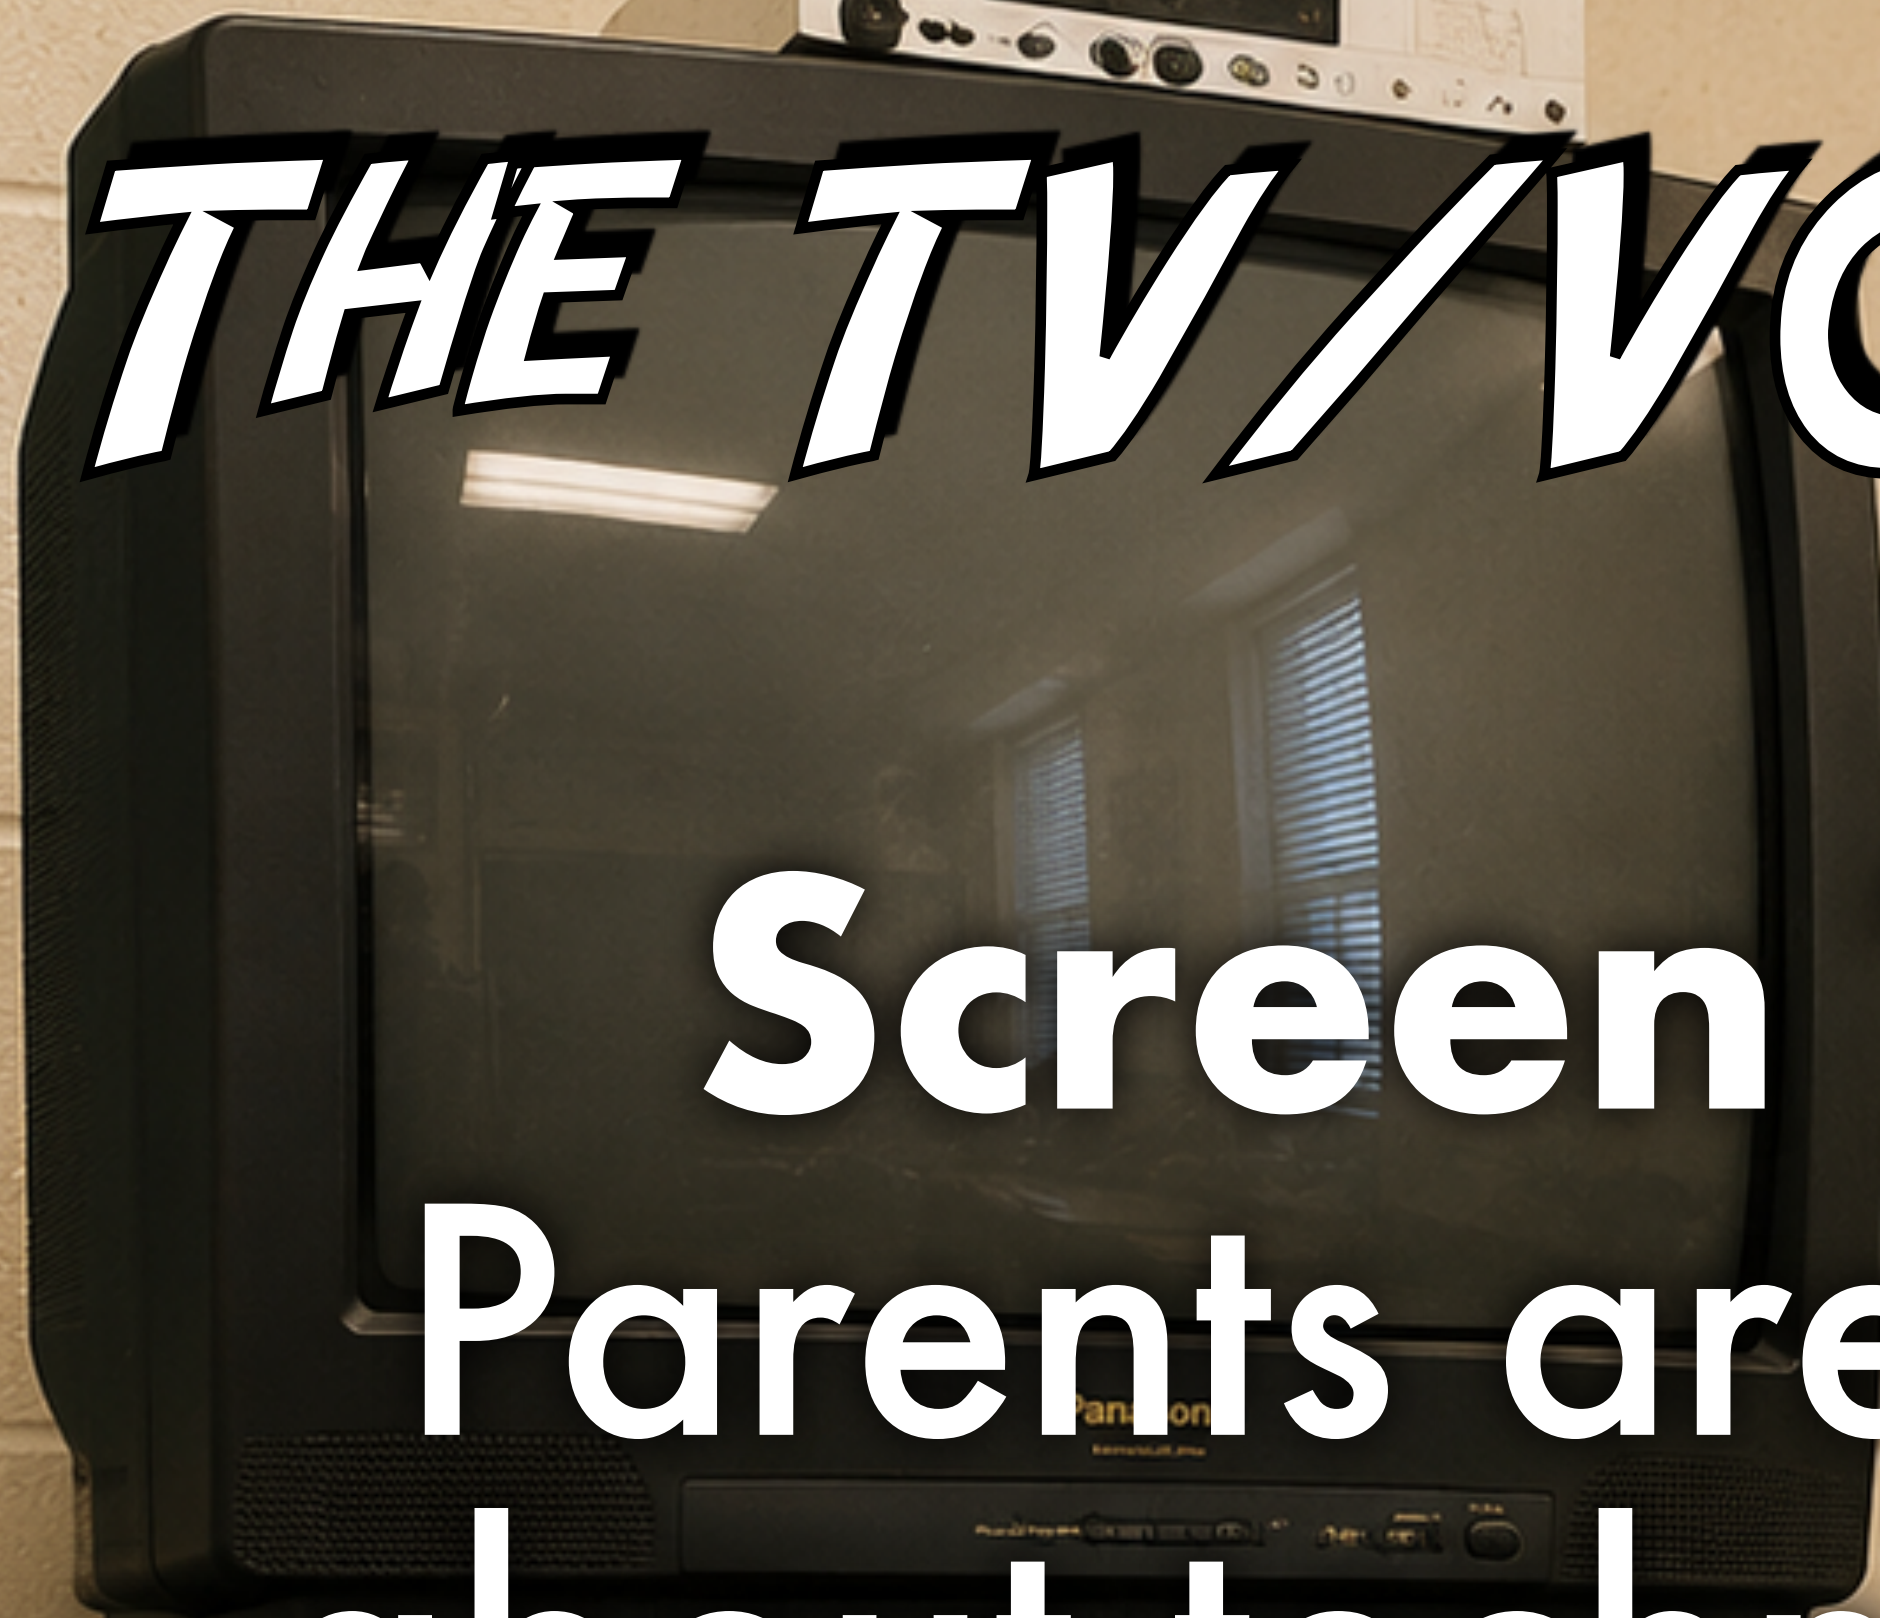

MORNING ANNOUNCEMENTS

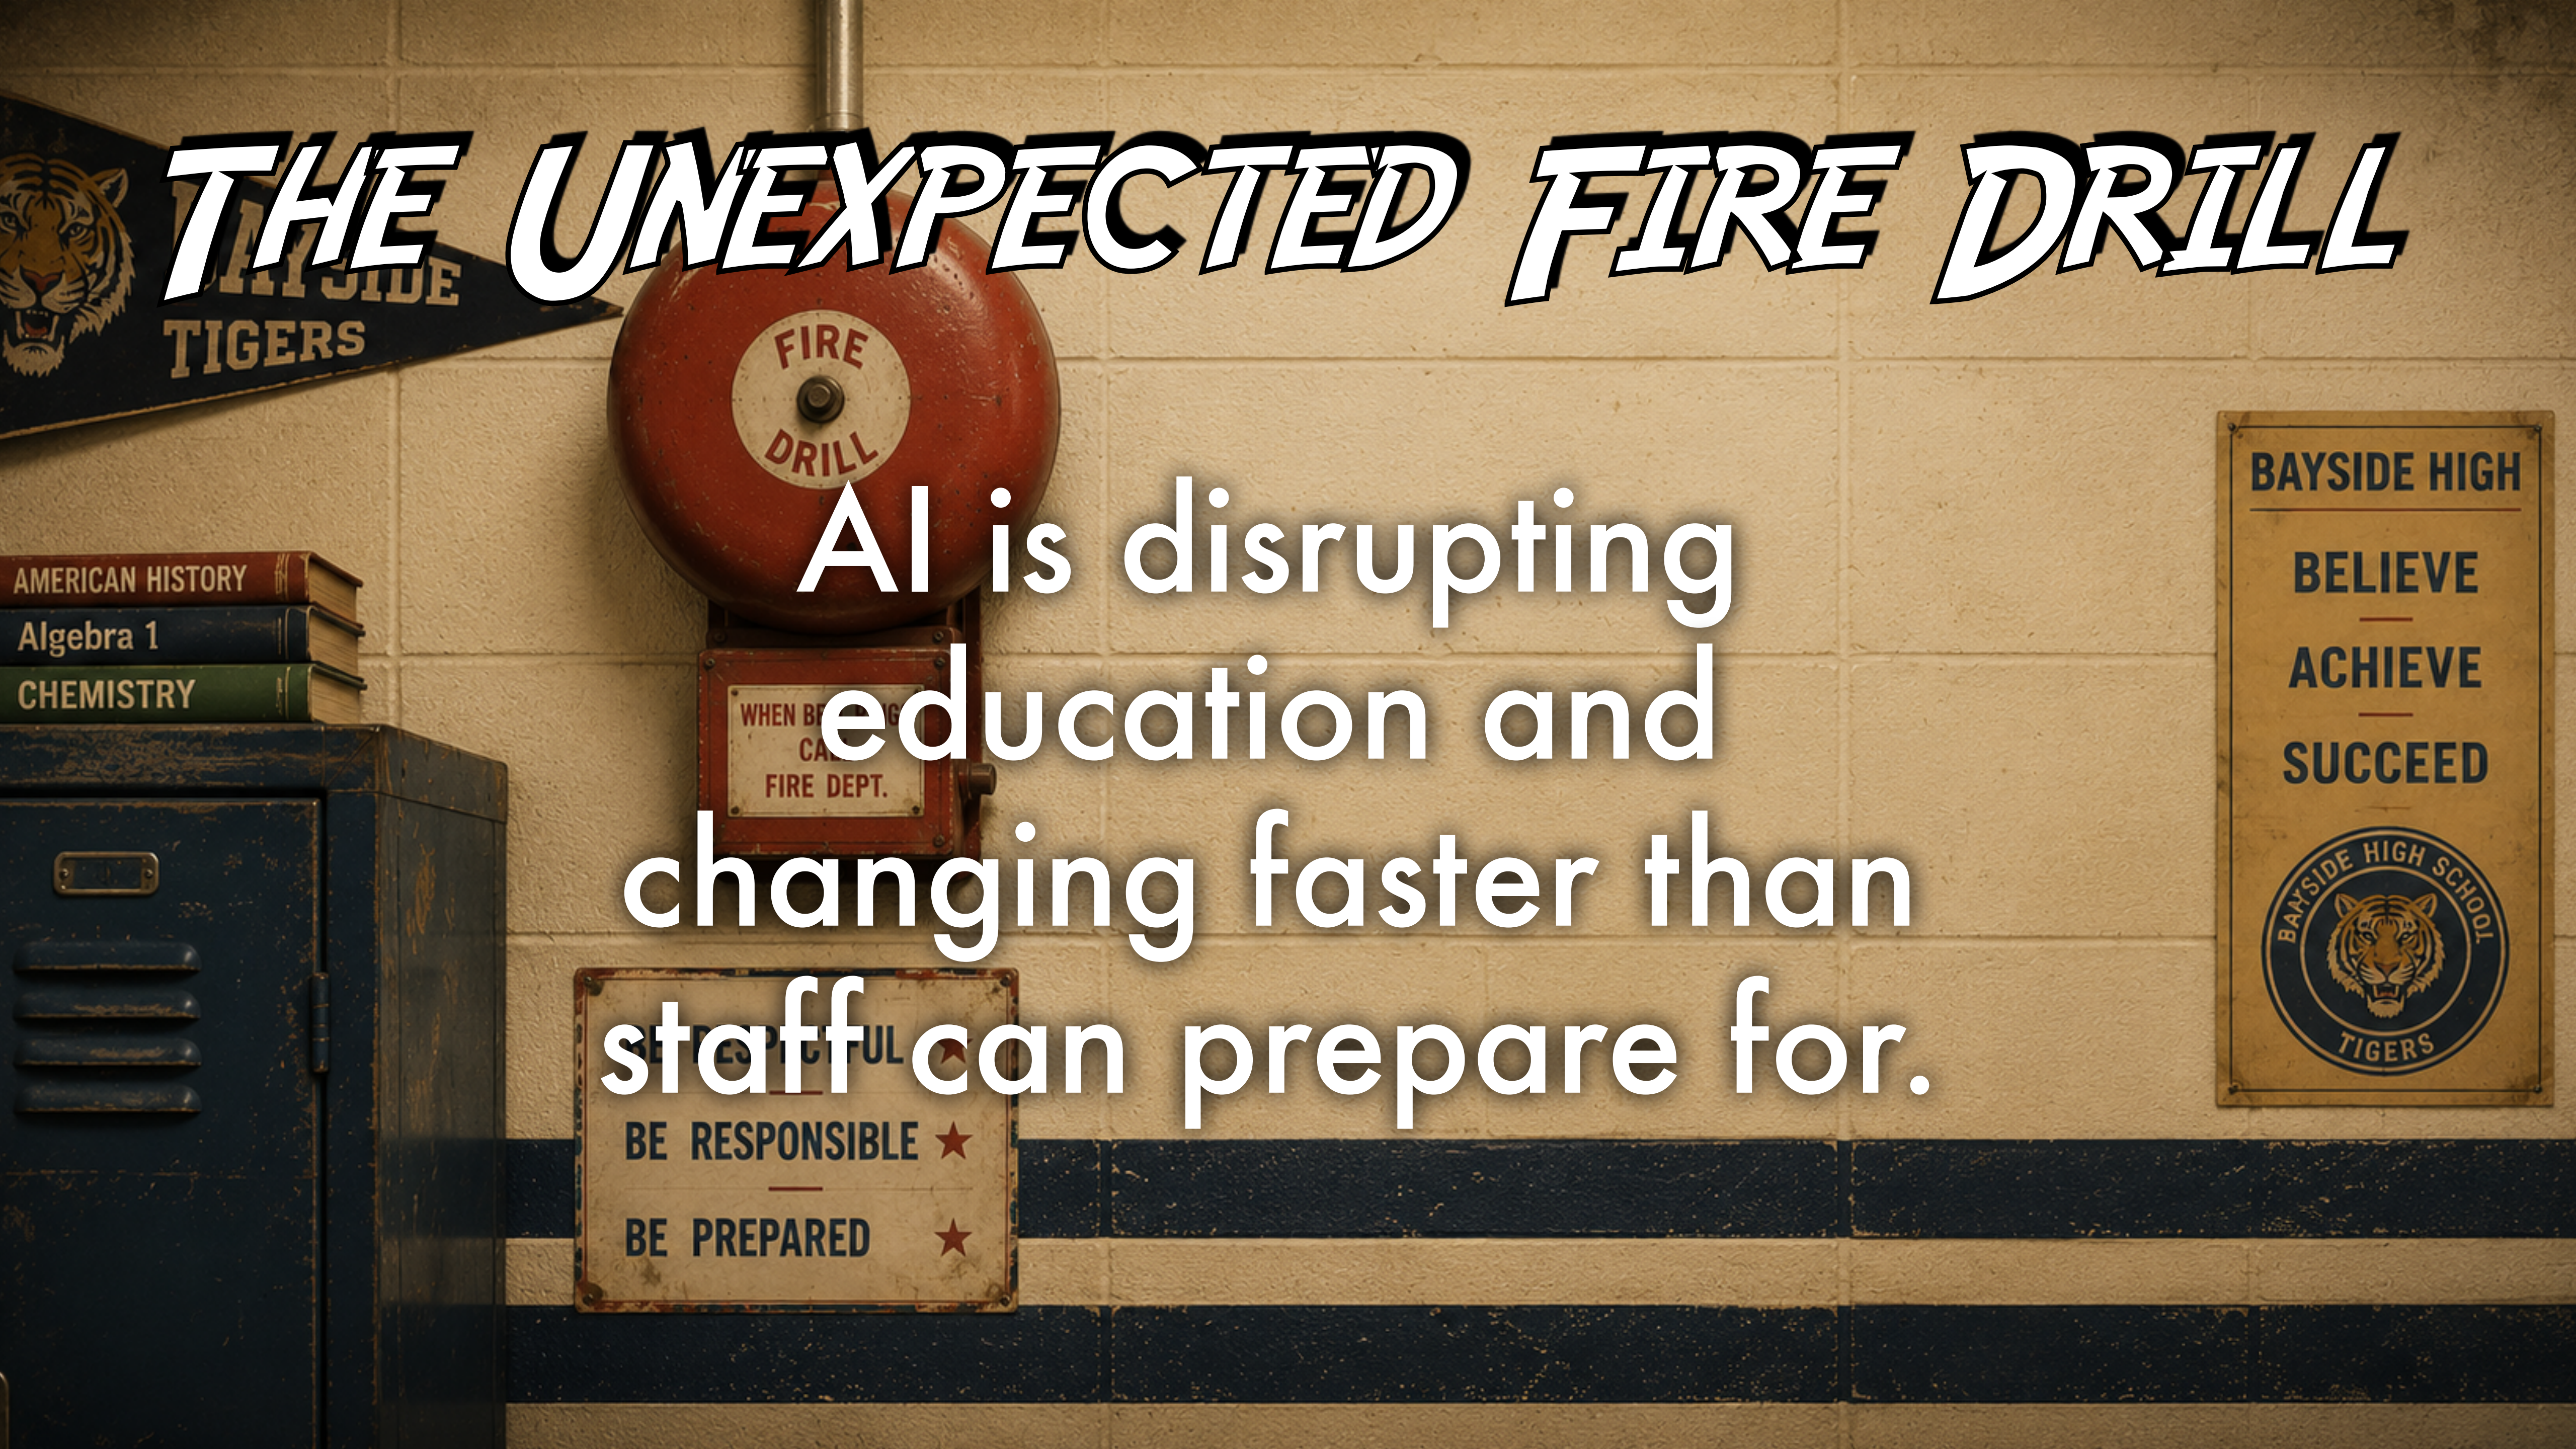

School Culture & Connection

- How do we create a shared school identity where every student feels seen, informed and connected?

THE TV/VCR CART

**Screen Time -
Parents are worried
about technology use
and screen time in
schools.**

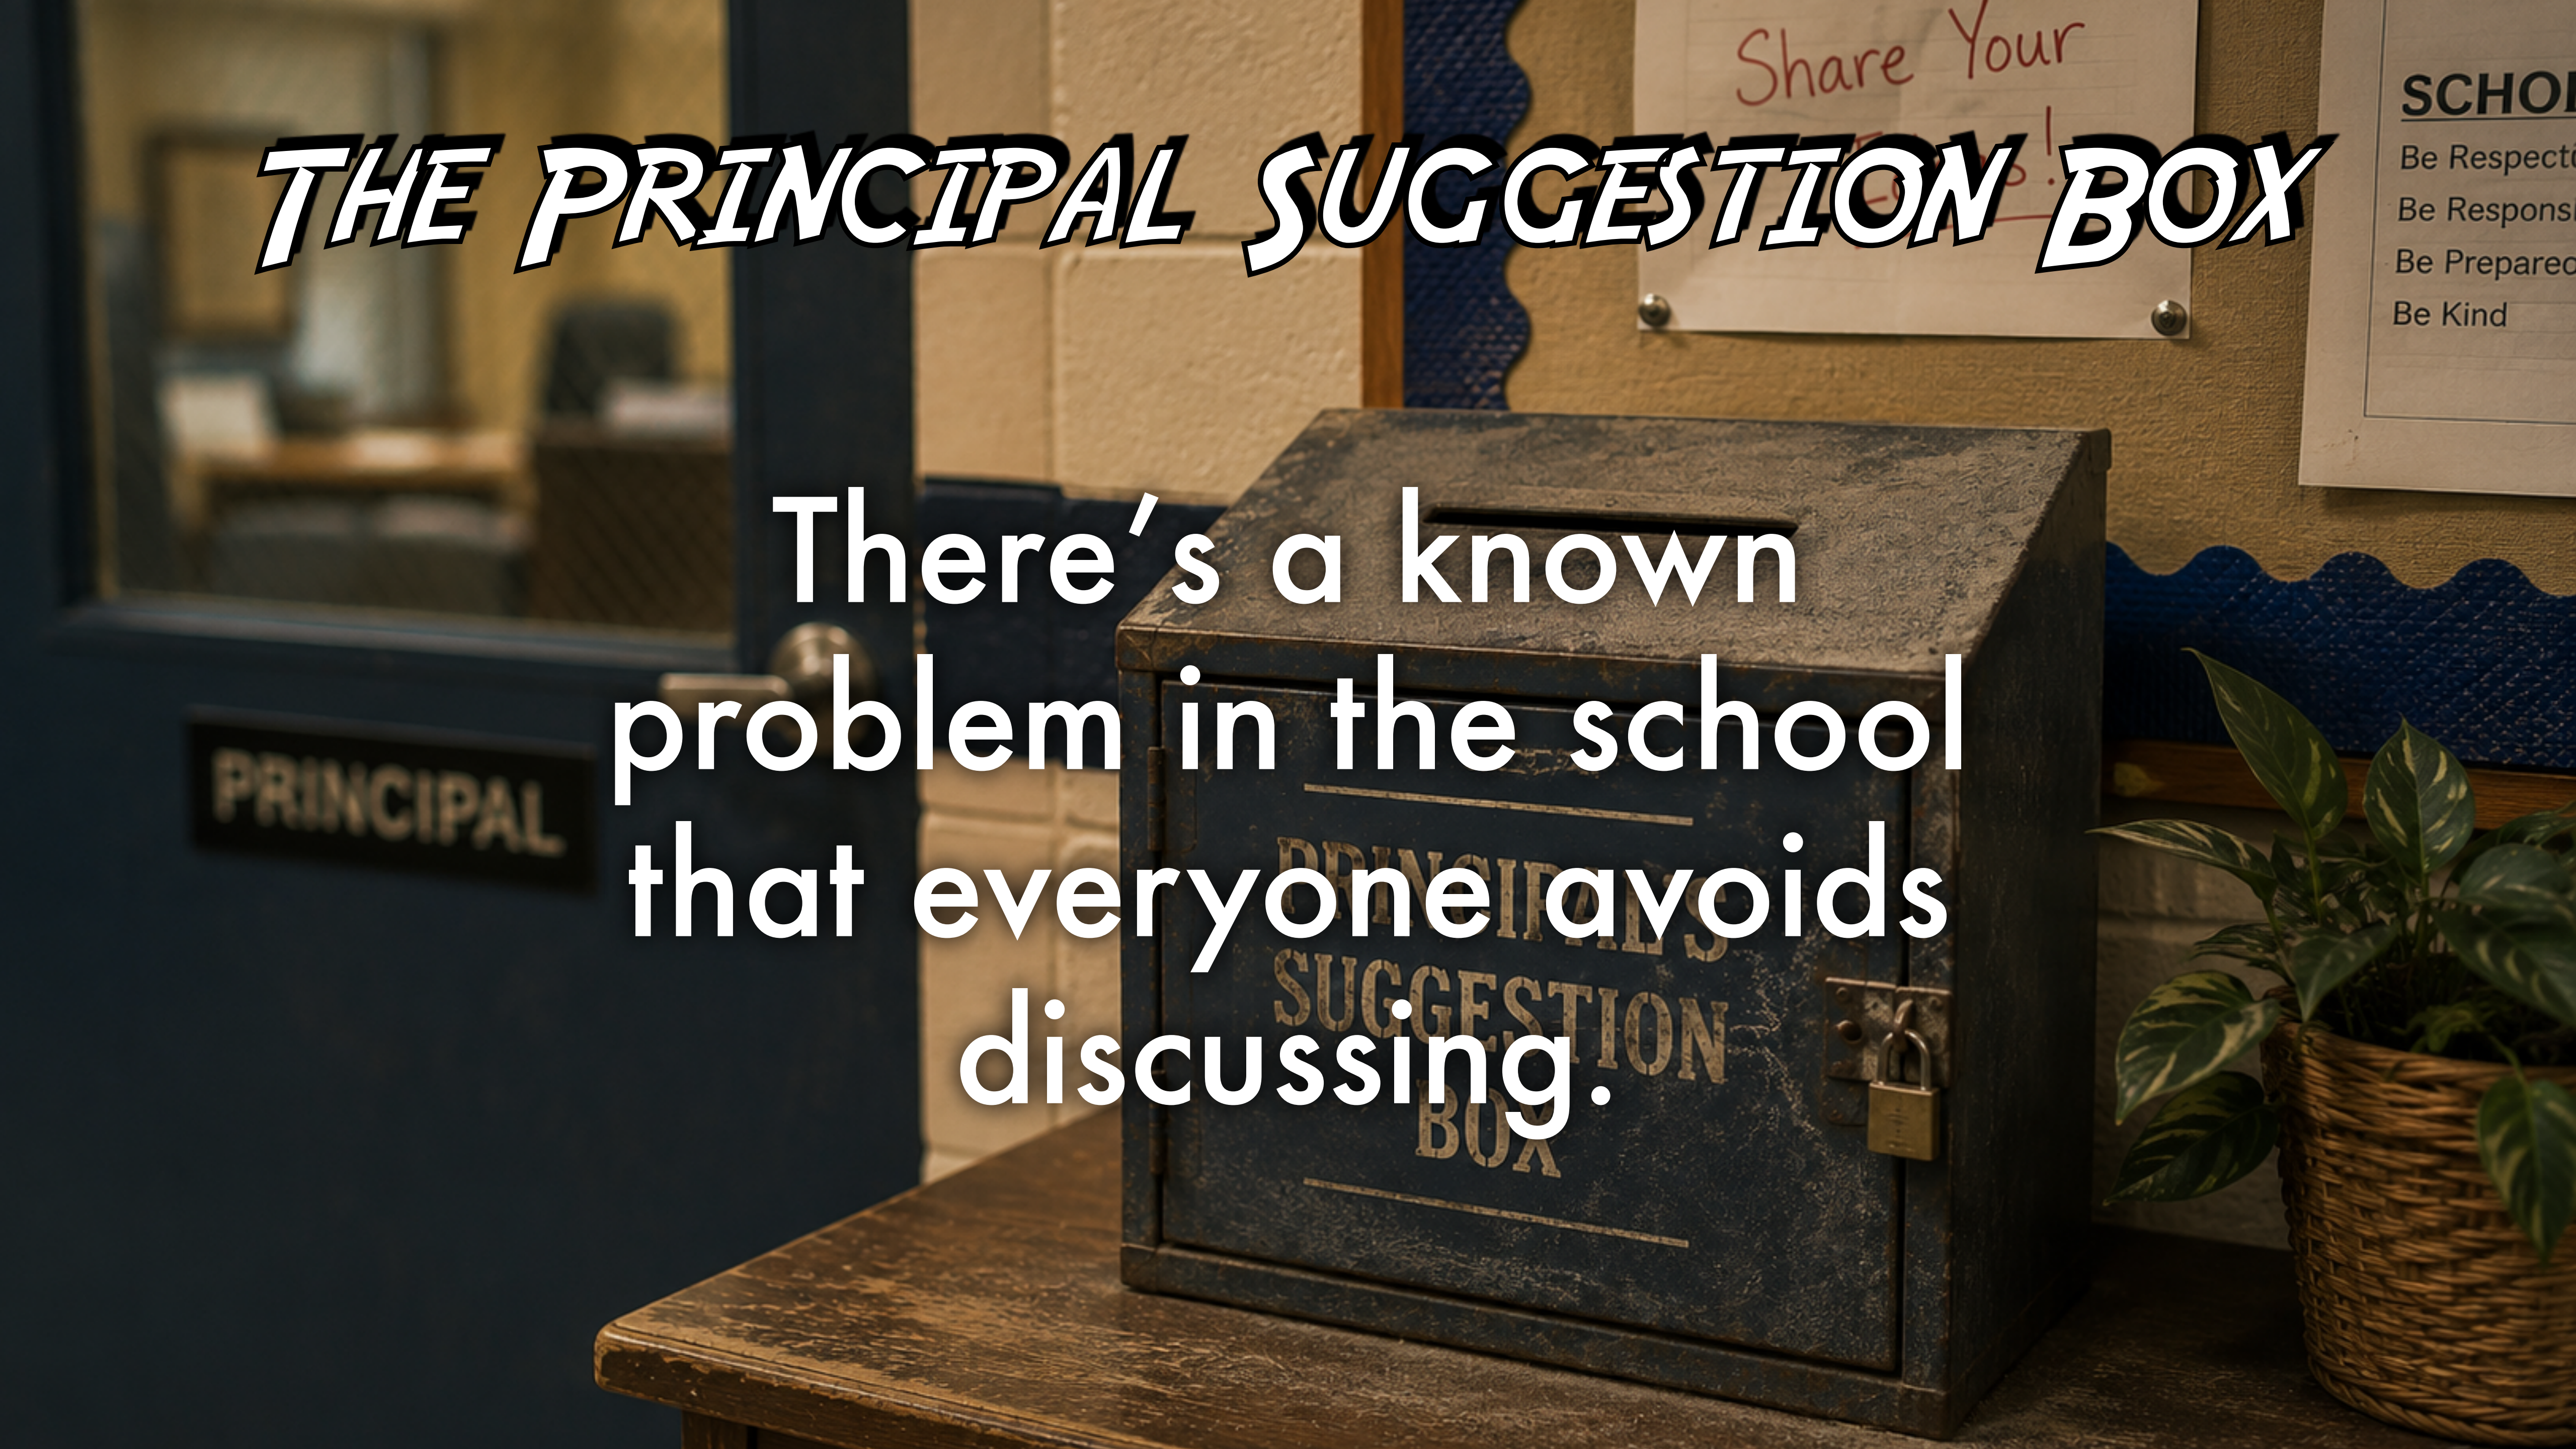

THE UNEXPECTED FIRE DRILL

AI is disrupting
education and
changing faster than
staff can prepare for.

THE PRINCIPAL SUGGESTION BOX

There's a known problem in the school that everyone avoids discussing.

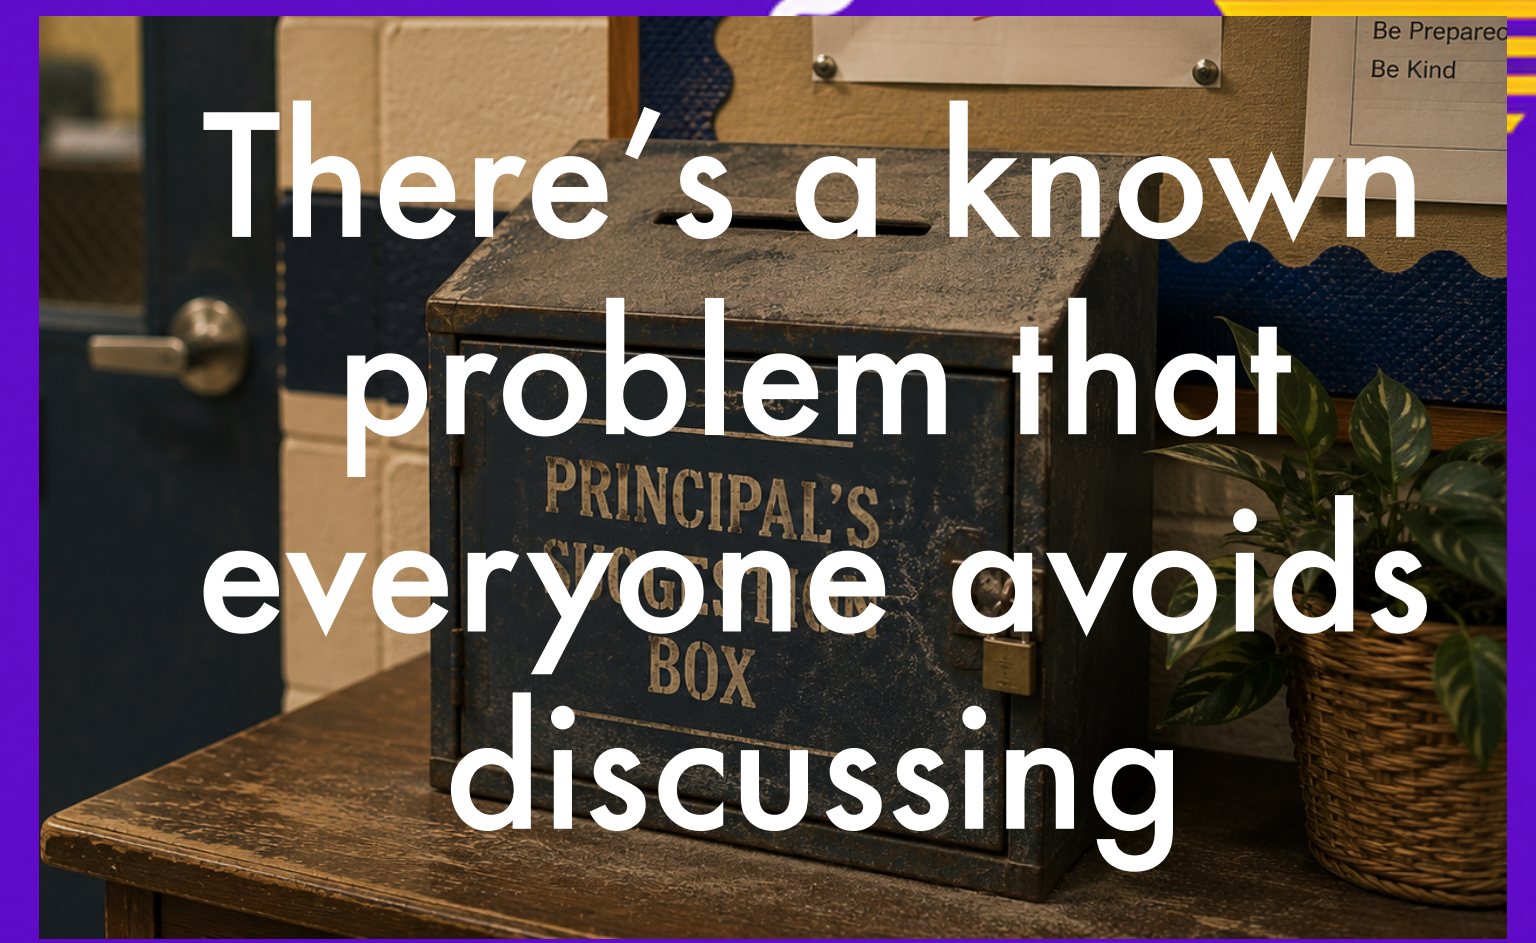

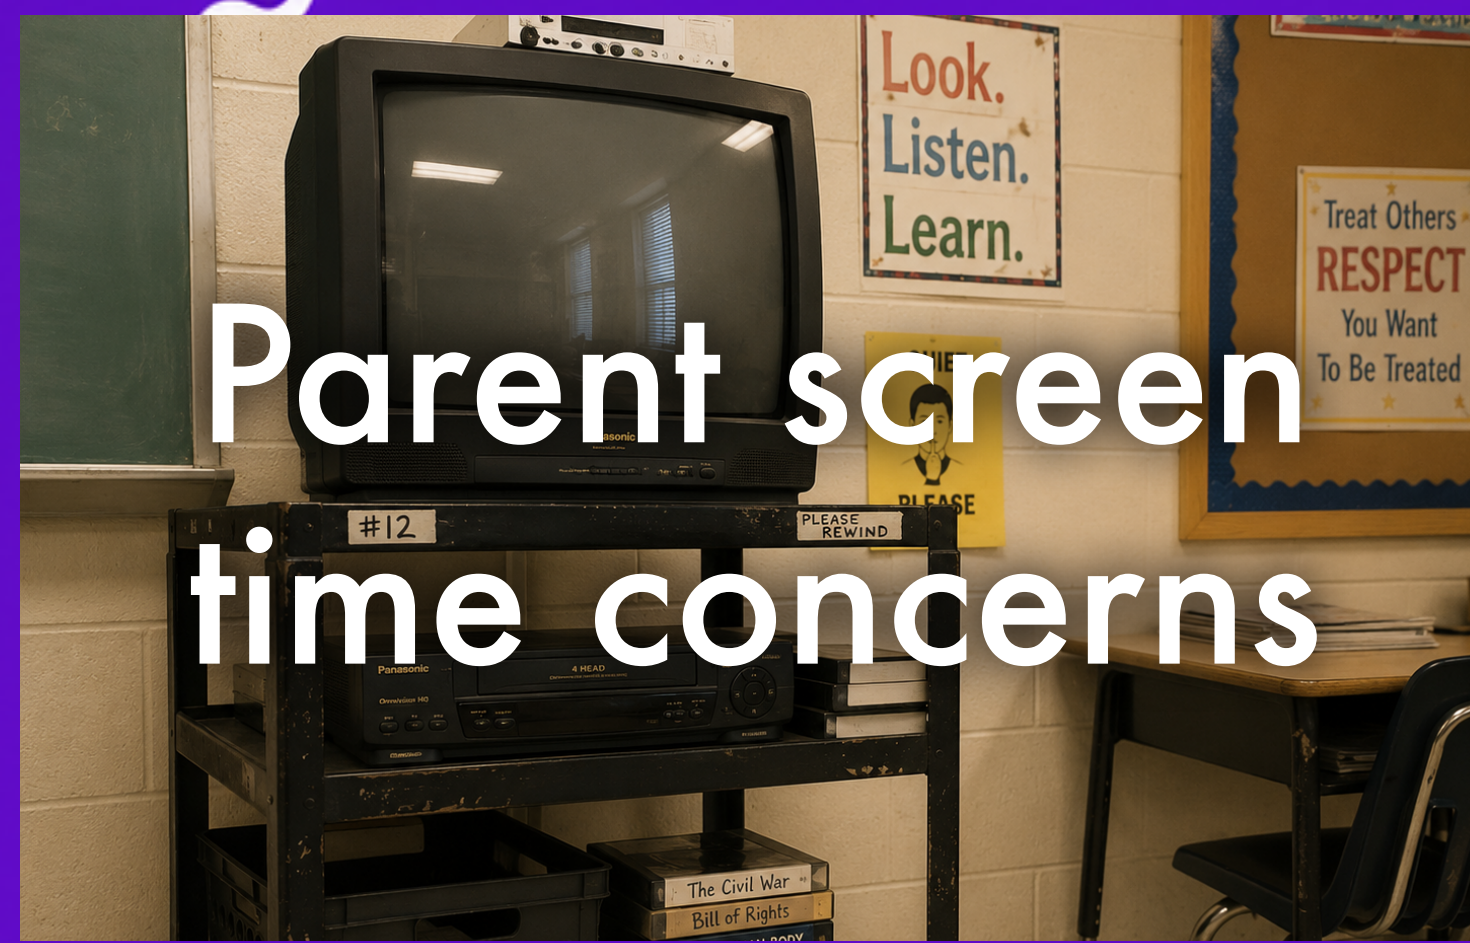

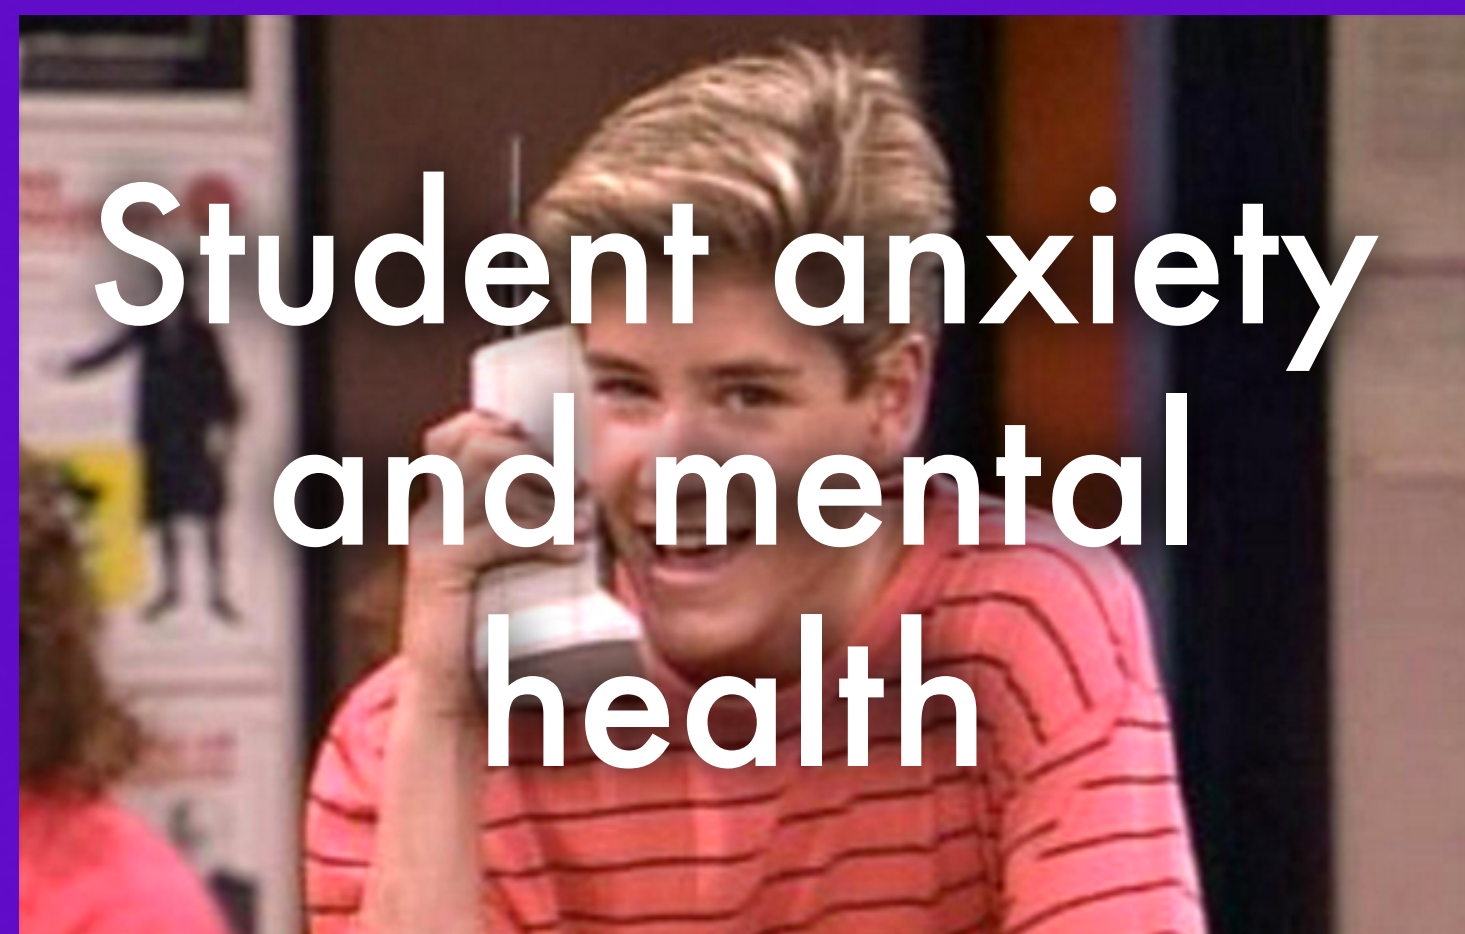

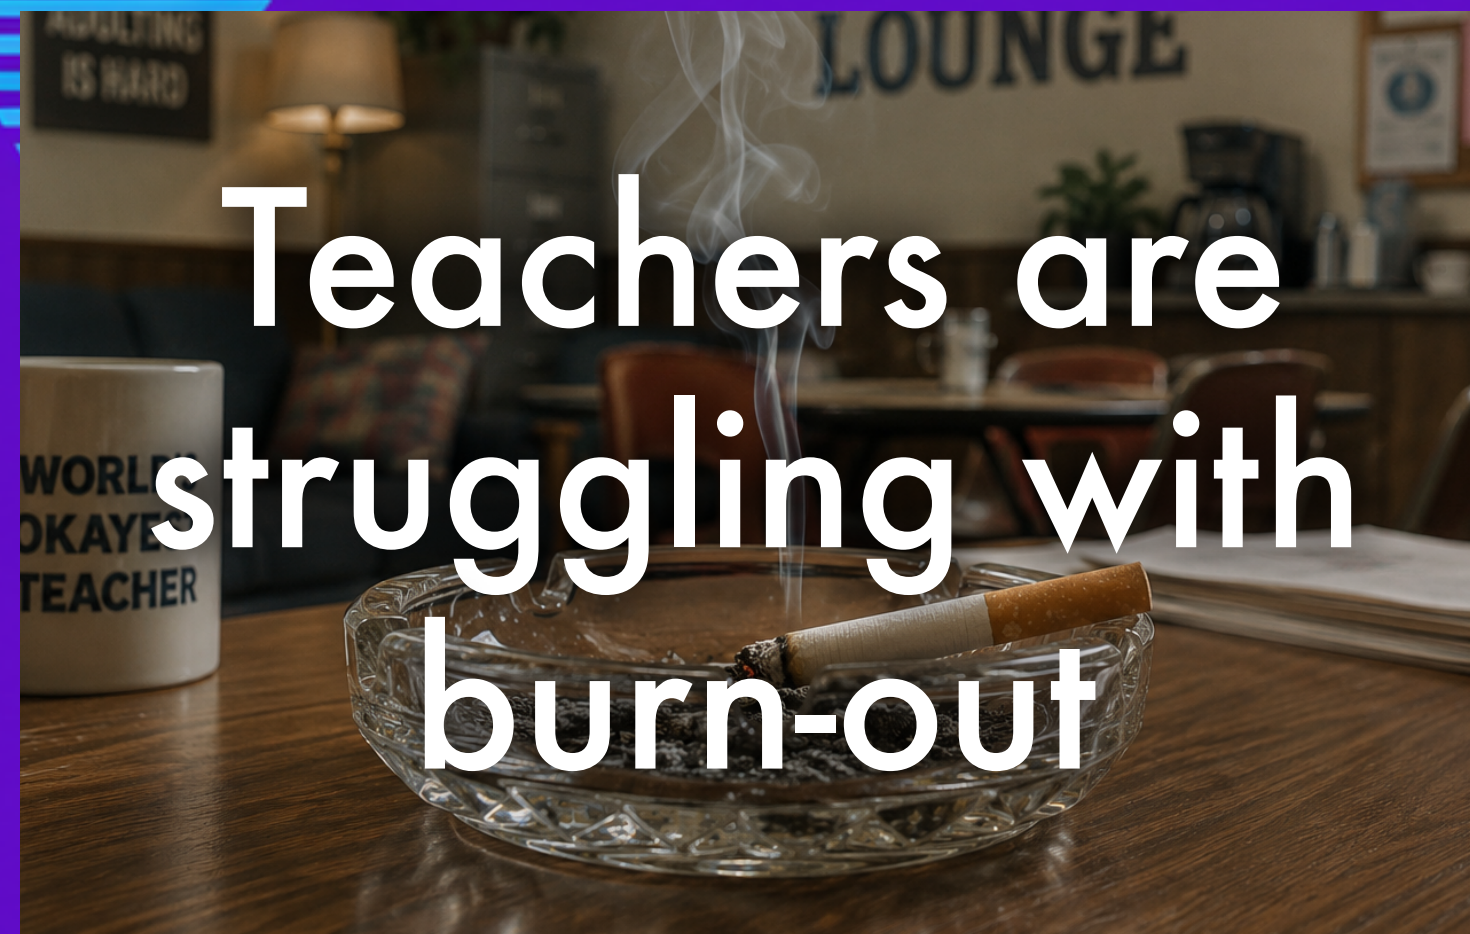

BEFORE WE BUILD, WE EXPLORE

“The best innovators don’t start with solutions. They start by understanding the people on the trail.”

EMPATHY DESIGN CHALLENGE

Each team will pick from one of these challenges

EMPATHY DESIGN CHALLENGE

The Challenge:

Who is most affected by this challenge?

What are they seeing? What is happening around them every day? What obstacles, pressures, or frustrations do they encounter?

What are they hearing? What messages, expectations, or opinions are influencing them? What are others telling them?

What might they be saying? If they were completely honest...
"I wish..." OR "I hate..." OR "No one realizes..."

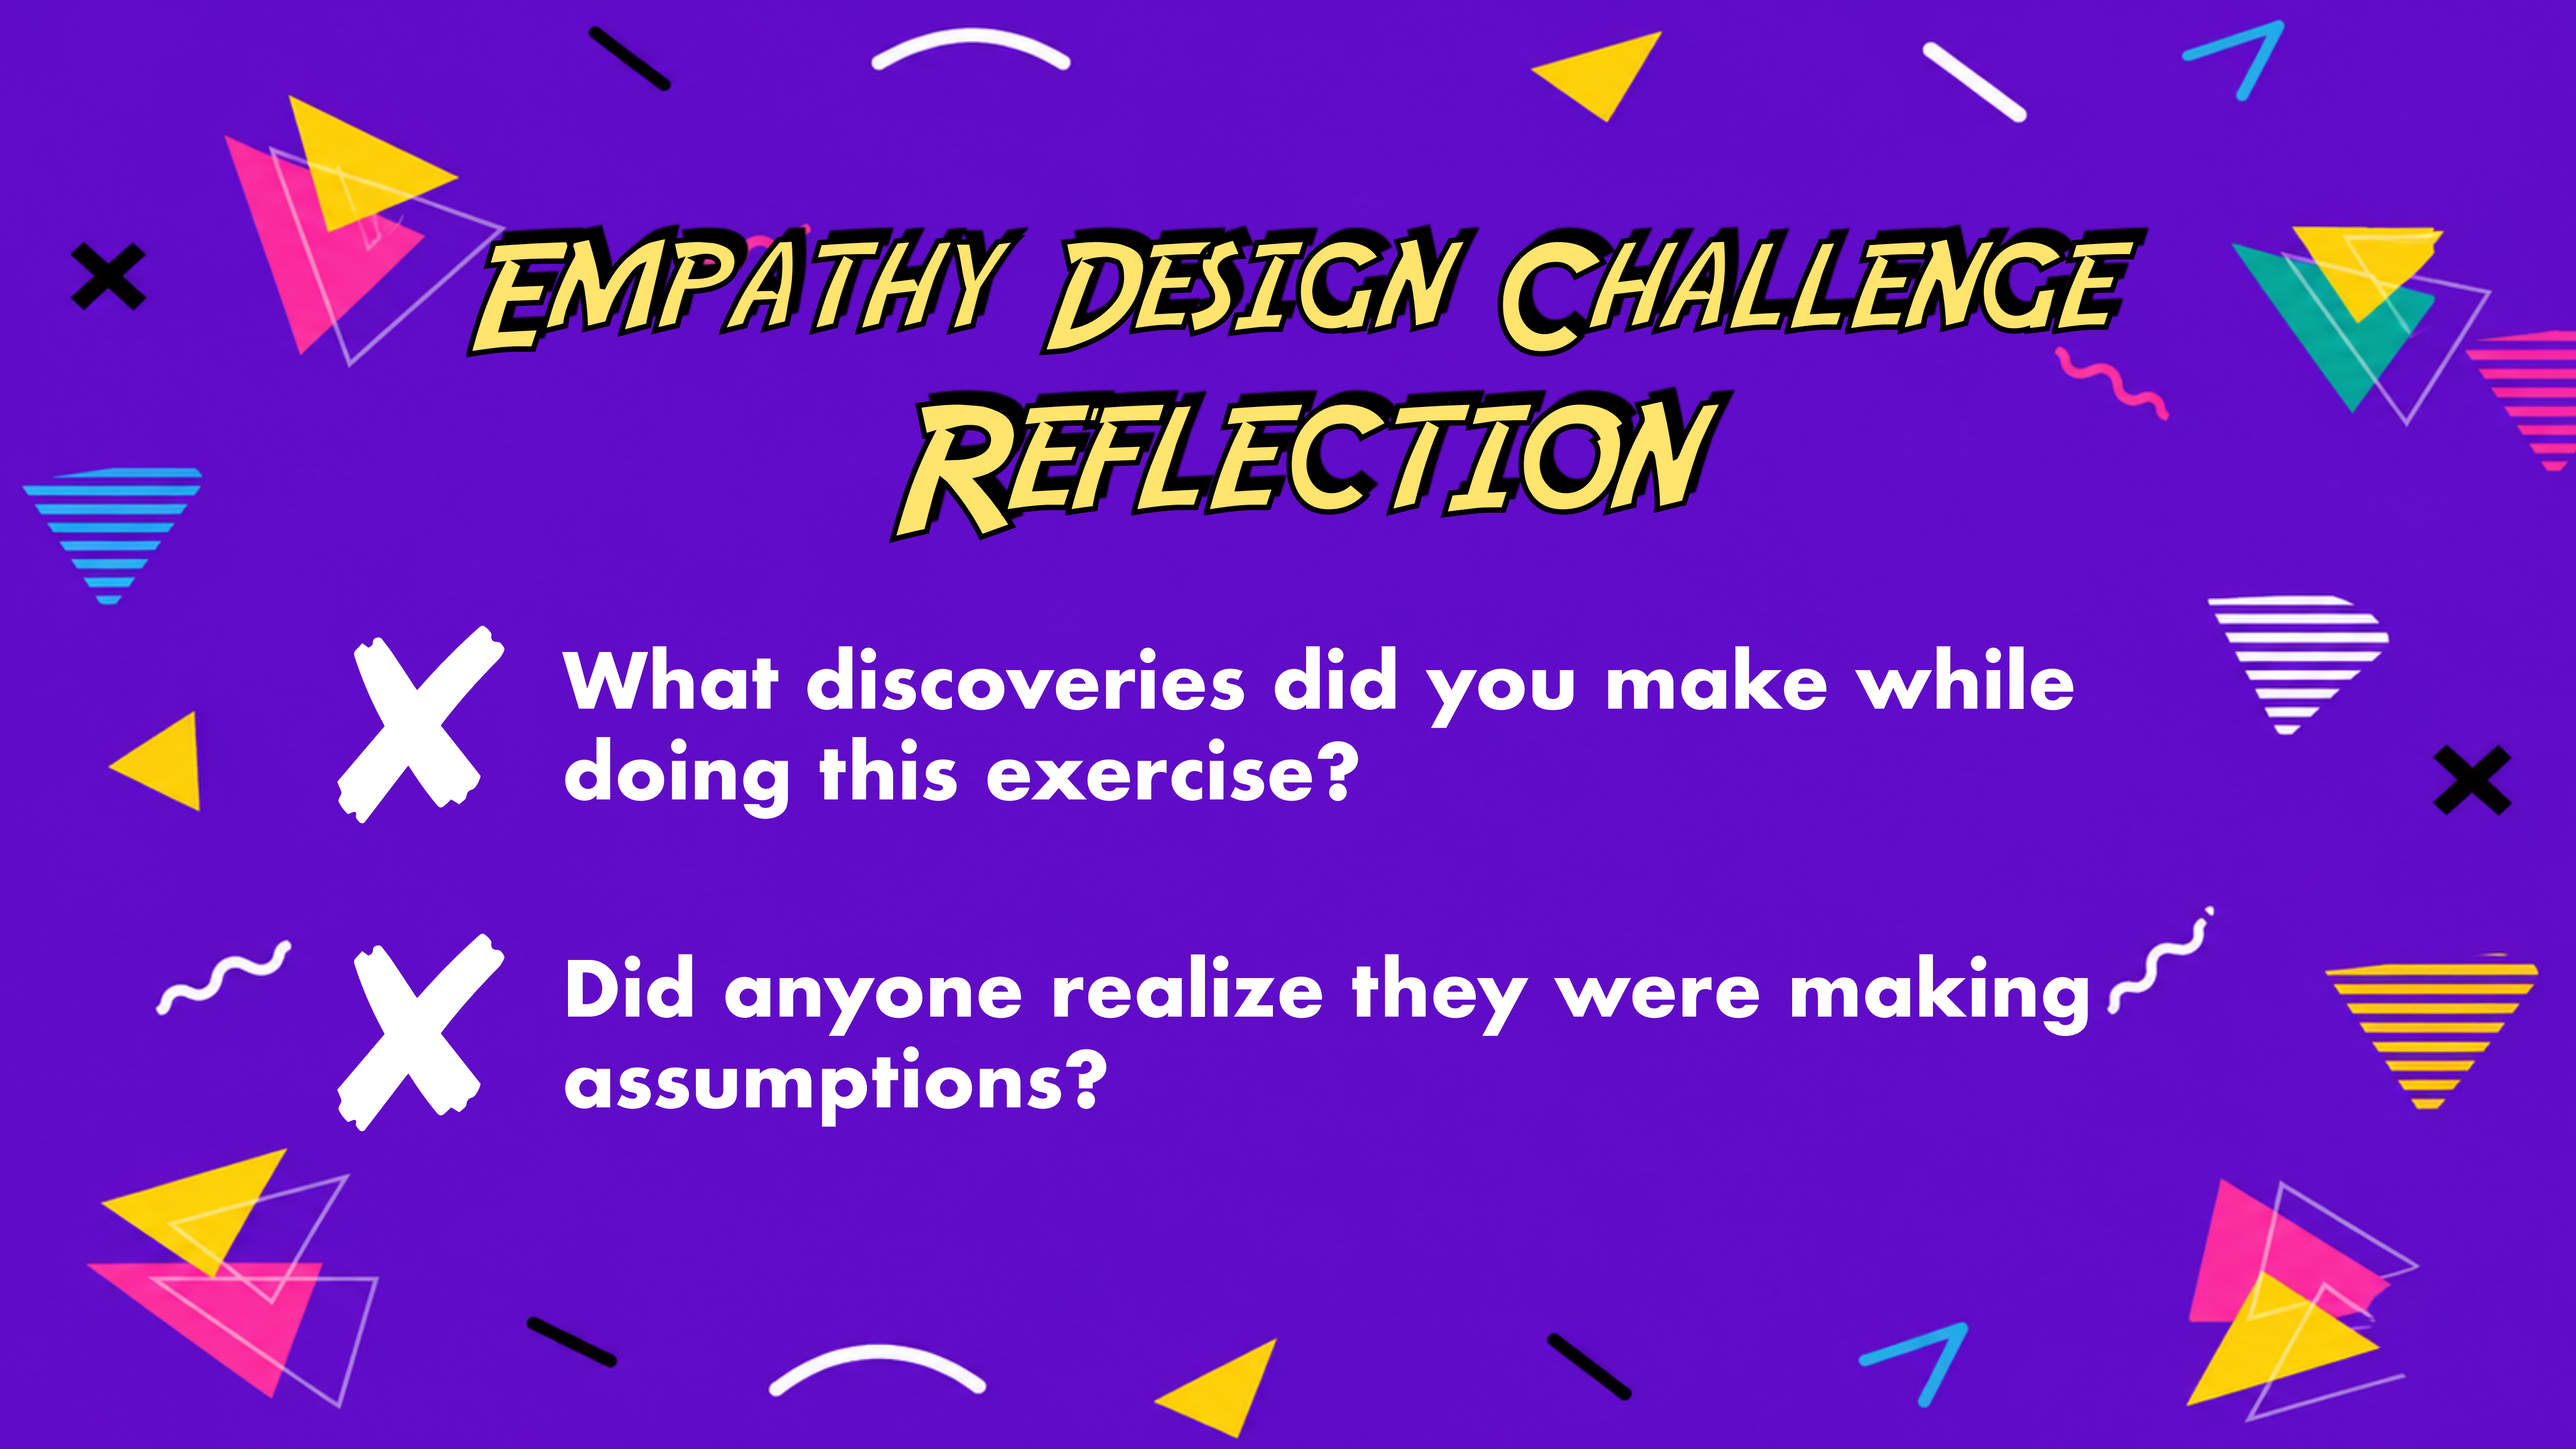

What are they feeling? What emotions might they be experiencing? What worries, motivates, excites, or frustrates them?

Call "Time Out" - If you could freeze time and ask this person ONE question...What would it be?

What's the Real Hallway Blocker? What's making their school experience harder?

When the Bell Rings Tomorrow...Based on our empathy work, what should we explore next?

EMPATHY DESIGN CHALLENGE

REFLECTION

What discoveries did you make while doing this exercise?

Did anyone realize they were making assumptions?

One day, today's schools will be someone else's nostalgia. Let's make sure it's worth remembering.
