AI USE & STUDENT PRIVACY

Robertson County Schools is committed to the safe, ethical, and responsible use of **artificial intelligence** in support of teaching and learning.

Protect **student privacy** at all times. Do not enter, upload, or share personally identifiable student information into any AI tool or platform. This includes names, images, audio, video, student work with identifying details, grades, behavior data, or any information that could reasonably identify a student.

Follow **FERPA** and **COPPA** regulations. Student education records and personal information are confidential and must be protected. Use only **district-approved** applications and digital resources that meet privacy and security requirements.

Use AI tools **responsibly and ethically**. AI should enhance learning and support instruction, not replace teacher professional judgment or student original thinking. The use of AI to generate false images, video, or audio of students or staff members is strictly prohibited. This includes, but is not limited to, the creation, manipulation, or distribution of content that inaccurately represents the likeness or actions of any individual.

When in doubt, ask. Consult your district's Technology Department before using new AI tools or resources. Policies may vary, and it is your responsibility to ensure compliance with district expectations.

By using AI tools, you agree to follow these expectations and help create a safe, respectful, and responsible learning environment for all.

rain.”**

“A purple guitar being played by a guy that looks like Prince on a stage in the rain.”

BATTLE OF THE BOTS

How this will work:

- You will work by yourself or with another human to create something.
- Then you will work with AI to create something similar.

Google Arts & Culture

Say what you see!

Are you ready to learn the art of prompting?

Start Level 1

mrhook.it/see

I've generated images with Google AI, and you have to try to generate a close match.

I'll be on hand with prompt tips along the way.

PROMPTETITION CHALLENGE

Recreate this image

1. Go to this Padlet: mrhook.it/ball
2. Use an AI image generator of your choice to re-create this image.
3. Post one that is close

The image is a composite. The left side shows a close-up of a man with dark hair, a full beard with grey and black hair, and a grey sports coat over a black t-shirt. He is looking slightly to the right with a serious expression, and his hand is near his chin. The right side shows a red Iron Man suit in a futuristic, blue-lit environment. The suit is standing, and its head is turned towards the left. In the background, there are other people and a large screen displaying a blue globe.

Prompt:
An overweight middle-aged white male with a grey and black beard and black hair wearing a grey sports coat and a black t-shirt with a graphic on looking like he's about to start trouble at a bar.
